It is hereby confirmed that, neither you nor any of the study team members have participated in the voting/decision making procedures of the committee.

The IRB/IEC has reviewed and approved the following documents submitted for the above mentioned project.

1. Covering letter with reference number
2. Research proposal cleared by Research committee
3. Study Proposal (Synopsis)

The IRB/IEC approves the project entitled "**Effectiveness of different oral health instruction techniques for removal of plaque on a novel model in children aged eight to twelve years**".

It is understood that this project will be conducted by you, in a total of 0 (in-vitro study) research participants, as per the submitted protocol. Since it is an in-vitro study there are no ethical issues in this study and also you are not required to produce any Informed Consent document.

This approval is valid for the entire duration of the project. No deviations from, or changes of the protocol and Informed Consent Document (wherever applicable) should be initiated without prior written approval by the IRB/IEC of an appropriate amendment. The IRB/IEC expects that the investigator should promptly report to the IRB/IEC any deviations from, or changes of, the protocol to eliminate immediate hazards to the research participants and about any new information that may affect adversely the safety of the research participants or the conduct of the trial. The EC functions in accordance with ICH GCP and ICMR guidelines.

It is hereby confirmed that, neither you nor any of the study team members have participated in the voting/decision making procedures of the committee.

The IRB/IEC has reviewed and approved the following documents submitted for the above mentioned project.

1. Covering letter with reference number
2. Research proposal cleared by Research committee
3. Study Proposal (Synopsis)

The IRB/IEC approves the project entitled "**A correlation of maxillofacial dimensions and finger length for the estimation of stature in North Maharashtra sub-population- An anthropometric study**"

It is understood that this project will be conducted by you, in a total of 0 (in-vitro study) research participants, as per the submitted protocol. Since it is an in-vitro study, there are no ethical issues in this study and also you are not required to produce any Informed Consent document.

This approval is valid for the entire duration of the project. No deviations from, or changes of the protocol and Informed Consent Document (wherever applicable) should be initiated without prior written approval by the IRB/IEC of an appropriate amendment. The IRB/IEC expects that the investigator should promptly report to the IRB/IEC any deviations from, or changes of, the protocol to eliminate immediate hazards to the research participants and about any new information that may affect adversely the safety of the research participants or the conduct of the trial. The EC functions in accordance with ICH GCP and ICMR guidelines.

It is hereby confirmed that, neither you nor any of the study team members have participated in the voting/decision making procedures of the committee.

The IRB/IEC has reviewed and approved the following documents submitted for the above mentioned project.

1. Covering letter with reference number
2. Research proposal cleared by Research committee
3. Study Proposal (Synopsis)

The IRB/IEC approves the project entitled "**Effectiveness of different oral health instruction techniques for removal of plaque on a novel model in children aged eight to twelve years**"

It is understood that this project will be conducted by you, in a total of 0 (in-vitro study) research participants, as per the submitted protocol. Since it is an in-vitro study, there are no ethical issues in this study and also you are not required to produce any Informed Consent document.

This approval is valid for the entire duration of the project. No deviations from, or changes of the protocol and Informed Consent Document (wherever applicable) should be initiated without prior written approval by the IRB/IEC of an appropriate amendment. The IRB/IEC expects that the investigator should promptly report to the IRB/IEC any deviations from, or changes of, the protocol to eliminate immediate hazards to the research participants and about any new information that may affect adversely the safety of the research participants or the conduct of the trial. The EC functions in accordance with ICH GCP and ICMR guidelines.

SHORT-TERM STUDENTSHIP (STS-2022)

Proposal Result

1. The final list of students selected for STS-2022 Program is displayed below in order of their STS-2022 Reference ID. **There will be no second list.**
Please note: Always quote your STS Reference ID for any future correspondence emails to ICMR.
DO NOT SEND EMAILS ASKING FOR REASONS OF REJECTION/COMMENTS etc. Such emails will not be entertained or corresponded (pl. see the STS Guidelines for details).
2. Each application was reviewed independently by group of Experts for its scientific value and selections have been made on the review done.
3. The 'Approved' students as listed below for STS-2022 may carry out the proposed research work and prepare the report in any two months from 18th May, 2022 to 31st October, 2022.
4. Research should be done after appropriate Institutional Ethics Committee (IEC) approval has been obtained. The ethical clearance letter has to be submitted along with report (**IEC approvals should be taken by latest by 31st August, 2022, any IEC letter/approvals taken after 31st August, 2022 will not be considered as the student will not get two months of time for carrying out the work and submit the due report by the deadline given.**)
5. ONLINE report submission will commence from 16th August, 2022 (Tuesday, 10:00AM onwards) to 31st October, 2022 (Monday, till 5:00PM) only.
6. The decisions taken by ICMR is/will be final for all. No correspondence in the matter will be entertained.

IMPORTANT- The *Application Attestation Form (*AAF) submitted by some of the selected students have some discrepancies which need to be rectified and hence their result has been declared as 'withheld'. Only the 'withheld' students will be sent a separate email shortly, to re-submit the correct AAF to ICMR, as applicable for each of them. The revised and corrected AAF should be sent by email to stshrd2017@gmail.com by 31st May, 2022 (by 5:30pm). The final result for withheld students will be updated only after reviewing the revised AAF after 31st May, 2022.

If required AAF is not received by 31st May, 2022 the selection of the 'withheld' students shall stand cancelled, without any further information.

Kindly read the detailed report submission guidelines and instruction given on the [STS website](#)
