KBH DENTAL COLLEGE - INSTITUTIONAL ETHICS COMMITTEE

MINUTES OF MEETING

Date: 14-03-2023

Time: 9.30 am onwards

Location: Research and Ethics committee room, MGV, Nasik.

Attendance:

The following members were present for the meeting:

Sr No.	Name	Designation	Gender	Affiliation to dental college
1	Dr. Atish Mundada	Chairperson	Male	No
2	Dr. Amit Agrawal	Secretary	Male	Yes
3	Dr. Sachin Dahiwelkar	Clinician	Male	Yes
4	Dr. Sapna Vankudre	Basic Research	Female	Yes
5	Mr. Anil Pawar	Layperson	Male	No
6	Mr. Prashant Dalal	Social Rep	Male	No
7	Adv. Vikram Sakorkar	Legal Advisor	Male	No

Presenters: Undergraduate and post graduate students.

Conflict of Interest: Proposals of two post graduate students were guided by member secretary Dr. Amit Agrawal, during their research proposal presentation he can attend the meeting but will temporarily abstain at the time of decision making for their project.

The Ethics Committee reviewed the following new studies from Research committee:

Sr No	Name of the Presenter	Title of synopsis	Study Reference No	Research Society outward no.	Department
1.	Dr. Vitasta Game	Comparative evaluation of anxiety level of children aged 6 to 10 years during restorative procedure with rubber dam isolation and cotton roll isolation: A randomized controlled study	Pedo/8715/2-23	MGVRESEA RCH/03/23	Pedo
2.	Dr. Khushboo Badani	Fabrication of testing of novel and child-friendly, Dr. Boo's habit reminder appliance to eliminate thumb/digit sucking habit.	Pedo/8716/2-23	MGVRESEA RCH/03/23	Pedo
3.	Dr. Tejashree Agawane	Clinical evaluation of the coconut husk extract as an oral mouthrinse as an adjunct to scaling in gingivitis patients. A Randomized control clinical trial	PERIO/34/2023	MGVRESEA RCH/04/23	Perio
4.	Dr. Sumedha Thosar	Comparative evaluation of probiotic and thyme mouthwash on clinical parameters in patients with biofilm Dr. Sumedha Thosar induced-gingivitis as an adjunct to scaling: A randomized controlled clinical trial	PERIO/30/2023	MGVRESEA RCH/04/23	Perio
5.	Dr. Sayali Kute	An In-vitro Exploratory, QuasiExperimental research to evaluate the tensile strength and fibrin matrix density of platelet rich fibrin (PRF) membrane, with or without addition of different concentration of Magnesium oxide nanoparticles	PERIO/39/2023	MGVRESEA RCH/04/23	Perio
6.	Dr. Hardik Raisoni	A comparative clinical evaluation of human chorion membrane with and without autologous advanced platelet rich fibrin plus in the treatment of gingival recession defects in stage I and II periodontitis patients: A randomized controlled clinical trial	PERIO/40C/2023	MGVRESEA RCH/03B/2023	Perio
7.	Dr. Akhil Patil	Evaluation of avocado seed extract gel in the reduction of dental plaque, gingival inflammation and oral microbial load in patients with dental biofilm induced gingivitis- Double blinded, placebo controlled, randomized clinical study	PERIO/41A/2023	MGVRESEA RCH/03B/2023	Perio
8.	Dr. Sayali Nannaware	Double-blinded, placebo controlled randomized clinical study to evaluate the efficacy of 2% grape seed extract containing toothpaste in reduction of dental plaque, gingival inflammation and oral microbial load in healthy adult patients with biofilm induced gingivitis	PERIO/40A/2023	MGVRESEA RCH/03B/2023	Perio
9.	Dr. Shilpa Gunale	Correlation of cephalic index and facial index with dental arch parameters in North Maharashtra population to aid in facial reconstruction- A prospective cross sectional study	OP19B/2023	MGVRESEA RCH/03B/2023	Oral Pathology
10.	Dr. Sapna Kumawat	Tumor budding activity, Cell nest size and Tumor-stroma ratio as predictors of regional lymph node metastasis in oral squamous cell carcinoma- A clinicopathological study	OP19A/2023	MGVRESEA RCH/03B/2023	Oral Pathology

11.	Dr. Shraddha Bhangare	Comparative evaluation of antibacterial activity of aloe vera mouthwash and 0.2% chlorhexidine mouthwash to reduce streptococcus mutans from Essix orthodontic retainer	ORTHO 1/23	MGVRESEA RCH/ 03B/2023	Orthodontics
12.	Dr. Ruchi Mhatre	Comparative evaluation of the effectiveness of chewing gum for relieving orthodontic pain in young adult patients undergoing fixed orthodontic treatment- A Randomized controlled trial	ORTHO 3/23	MGVRESEA RCH/ 03B/2023	Orthodontics
13.	Dr. Gajanan Garode	Effect of amla extract on shear bond strength of orthodontic brackets bonded with composite resin to office bleached teeth- An In-vitro study	ORTHO 2/23	MGVRESEA RCH/ 03B/2023	Orthodontics
14.	Dr. Madhura Shahakar	Correlation of the presence of the middle mesial canal with the interorifice distance in the mesial root of mandibular first and second molars a cross sectional analytical cone beam computed tomographic study	OMR/RP/ 02/23	MGVRESEA RCH/ 03B/2023	Oral Medicine and Radiology
15.	Dr. Yugashri Kalambe	Correlation of bone dimension to radiographic bone density at potential implant sites in mandibular edentulous molar region by using cone beam computed tomography- a cross sectional hospital based study	OMR/RP/ 01/23	MGVRESEA RCH/ 03B/2023	Oral Medicine and Radiology
16.	Dr. Vishakha Virkar	Evaluation of anatomical relationship of posterior superior alveolar artery to the floor of maxillary sinus and alveolar crest in dentulous and partially edentulous patients using cone beam computed tomography: A cross sectional analytical study	OMR/RP/ 04/23	MGVRESEA RCH/ 03B/2023	Oral Medicine and Radiology
17.	Dr. Rutuja Santan	Correlation between maxillary central incisors sagittal tooth angulation and alveolar bone width with nasolabial angle using cone beam computed tomography- a cross sectional hospital based study	OMR/RP/ 03/23	MGVRESEA RCH/ 03B/2023	Oral Medicine and Radiology
18.	Dr. Damini Kulkarni	Comparative evaluation of caries risk assessment by CRAFT with caries assessment by CAMBRA and CRA(AAPD) in 2 to 5 year old children suffering from early childhood caries from a facility in Maharashtra: A cross sectional study	PEDO881 B/2022-23	MGVRESEA RCH/ 03B/2023	Pedodontics
19.	Dr. Charul Mahajan	Comparative evaluation of pain perception and anxiety during the administration of local anesthesia using three different injection techniques in 6-13 year old children- A randomized controlled trial	PEDO881 A/2022-23	MGVRESEA RCH/ 03B/2023	Pedodontics
20.	Dr. Shrunthal Bhupal	Comparative evaluation of the response of dental pulp with electric pulp tester using three different indirect pulp capping materials in carious first and second mandibular permanent molars of patients aged 18 to 40 years- A Randomized controlled clinical trial	CONS/53 4	MGVRESEA RCH/ 03B/2023	Conservative and Endodontics
21.	Dr. Dnyaneshwar Barve	Comparative clinical evaluation of the postoperative pain in single sitting root canal treatment after using single rotary file system, single reciprocating file system and multiple rotary file system: A randomized controlled clinical trial	CONS/53 2	MGVRESEA RCH/ 03B/2023	Conservative and Endodontics
22.	Dr. Aadesh Jain	Comparative evaluation of shear bond strength of Nano-filled composite resin to dentin in presence of different cavity liners: An in-vitro study	CONS/53 5	MGVRESEA RCH/ 03B/2023	Conservative and Endodontics

23	Dr. Shweta Bhavsar	Comparative evaluation of effect of fluoridated bleaching agent and amorphous calcium phosphate containing bleaching agent on microhardness and surface roughness of nanofilled composite resin: An Invitro study	CONS/53 3	MGVRESEA RCH/ 03B/2023	Conservative and Endodontics
24	Dr. Anjali Sawant	Comparative evaluation of apical seal of three different bioceramic sealers after obturation: An in-vitro study	CONS/53 6	MGVRESEA RCH/ 03B/2023	Conservative and Endodontics
25	Dr. Janhavi Bangar	Comparative evaluation of shear bond strength between heat cured polymethyl-methacrylate with different thicknesses of gingival shade composite resin before and after thermocycling- An In-vitro study	PROSTH O 22/2023	MGVRESEA RCH/ 03B/2023	Prosthodontics
26	Dr. Sejal Deore	Effect of differen degrees of distal implant inclination on the retention of mandibular overdentures retained with locator attachments during simulation of insertion-removal cycles before and after thermocycling: An In vitro study	PROSTH O 23/2023	MGVRESEA RCH/ 03B/2023	Prosthodontics
27	Dr. Lilesh Shinde	A comparative evaluation of retention and stability between ball and locator attachment for implantretained mandibular overdenture during simulation of insertionremoval cycles before and after thermocycling: An In vitro study	PROSTH O 21/2023	MGVRESEA RCH/ 03B/2023	Prosthodontics

KBH DENTAL COLLEGE - INSTITUTIONAL ETHICS COMMITTEE

MINUTES OF MEETING

Date: 21-01-2023

Time: 9.00 am onwards

Location: Research and Ethics committee room, MGV, Nasik.

Attendance:

The following members were present for the meeting:

Sr No.	Name	Designation	Gender	Affiliation to dental college
1	Dr. Atish Mundada	Chairperson	Male	No
2	Dr. Amit Agrawal	Secretary	Male	Yes
3	Dr. Sachin Dahiwelkar	Clinician	Male	Yes
4	Dr. Sapna Vankudre	Basic Research	Female	Yes
5	Mr. Anil Pawar	Layperson	Male	No
6	Mr. Prashant Dalal	Social Rep	Male	No
7	Adv. Vikram Sakorkar	Legal Advisor	Male	No

Presenters: All projects scheduled to be submitted for ICMR – short term research grant to be presented by undergraduate students.

Conflict of Interest: One undergraduate student Ms. Rugveda Deshmukh is guided by member secretary Dr. Amit Agrawal, during her research proposal presentation he can attend the meeting but will temporarily abstain at the time of decision making for her project.

The Ethics Committee reviewed the following new studies from Research committee:

Sr No	Name of the Presenter	Title of synopsis	Study Reference No	Research Society outward no.	Department
1.	Miss Anushka Thorat	In-vitro analysis of Beetroot extract (Beta Vulgaris) against periodontal pathogens [P. gingivalis, T.forcythia, F. nucleatum]	Perio/15/2023	MGVRES EARCH/02/2023	Periodontics
2.	Miss Rugveda Deshmukh	A Novel experimental in-vitro study to explore the antimicrobial effect of ultra-low voltage AC/DC current on dental plaque aerobic microorganisms	Perio/17/2023	MGVRES EARCH/02/2023	Periodontics
3.	Mr Khan Ali	Spectrophotometric evaluation of fluoride release, recharge and rerelease of fluoride from Cention-N, Zirconomer and RMGIC as restorative materials: <i>An In-Vitro study</i>	Cons/524	MGVRES EARCH/02/2023	Conserative
4.	Mr Manas Chandak	Evaluation of anti-microbial effect of Novel Herbal chewing gum against aerobic bacteria from dental plaque of patients with halitosis. An In-vitro study	Perio/19/2023	MGVRES EARCH/02/2023	Periodontics
5.	Miss Shreya Deshmukh	In vitro comparative evaluation of flexural and compressive strength of Bulk fill composites, Cention N and Filtek bulk-fill composite	Cons/525	MGVRES EARCH/02/2023	Conservative
6.	Miss Nainpreet Rekhi	Effectiveness of different oral health instruction techniques for removal of plaque on a novel model in children aged eight to twelve years	Pedo/8714	MGVRES EARCH/02/2023	Pedodontics
7.	Mr Dipak Sonawane	Effectiveness of audiovisual aid as an educational method to teach dental student about tobacco cessation counseling- a prospective study	OMR/RP/11/2023	MGVRES EARCH/02/2023	OMDR
8.	Miss Hrutuja Patil	Age determination using periodontal ligament space visibility in Third molar region of young adults- A cross-sectional CBCT study	OMR/RP/09/2023	MGVRES EARCH/02/2023	OMDR
9.	Miss Unnati Manwar	Comparative evaluation of mental index as a screening test for	OMR/RP/10/2023	MGVRES EARCH/0	OMDR

		osteoporosis in healthy younger adult & older adult males- A cross sectional panoramic radiograph study		2/2023	
10.	Miss Tejaswini Nagarkar	Evaluation of effectiveness and reliability of orthodontic treatment simulation using the artificial intelligence DTS-PRO software in orthodontically treated patients- An In-Vitro retrospective study	Ortho/05/2023	MGVRES EARCH/02/2023	Orthodontics
11.	Miss Srushti Deshmukh	Association between periodontitis and Sleep deprivation among shift workers in a company- An observational study.	Perio/16/2023	MGVRES EARCH/02/2023	Periodontics
12.	Miss Devyani Bhosale	A correlation of maxillofacial dimensions and finger length for the estimation of stature in North Maharashtra sub-population- An anthropometric study	OP/05/23	MGVRES EARCH/02/2023	Oral Pathology
13.	Mr Gurudeep Khairnar	Formulation and evaluation of effects of variable percentages of Madhuka Longifolia flower extract as an antioxidant in reversal of shear bond strength of composite resin to bleached enamel- An In-vitro study.	Cons/523	MGVRES EARCH/02/2023	Conservative
14.	Miss Shayana Shinde	Comparative evaluation of effects of sports beverage and whey protein concentrate on surface roughness and microhardness of nano-filled composites- An In-vitro study.	OP/04/23	MGVRES EARCH/02/2023	Oral Pathology
15	Miss Sanjyot Sonawane	Gender determination using diagonal odontometric measurement of maxillary and mandibular posterior teeth and mandibular canine index in North Maharashtra Sub-population.	OP/03/23	MGVRES EARCH/02/2023	Oral Pathology
16	Miss Tanisha Rajput	Comparative evaluation of relationship between tongue coating and unstimulated salivary flow rate in young adults.	PHD/05	MGVRES EARCH/02/2023	Public Health Department
17	Miss Yuvashri Ilamkar	Evaluating knowledge and creating awareness amongst the students of an Indian dental institution towards occupational exposure to bloodborne pathogens through needle stick injury (NSI).	OS/201/2022-23/45	MGVRES EARCH/02/2023	Oral Surgery
18	Miss Radha Rathod	Comparative evaluation of Beta angle and Tau angle to assess the	Ortho/07/2	MGVRES EARCH/0	Orthodontics

		reliability for sagittal maxillamandibular discrepancy- A cephalometric study.	023	2/2023	
19	Miss Vaishnavi Deshpande	Evaluation of Divine proportion on Silhouette profile photographs of skeletal class I Bimaxillary protrusion cases treated with premolar extractions- An In-vitro study.	Ortho/06/2023	MGVRES EARCH/02/2023	Orthodontics
20	Miss Shifa Ansari	Comparative evaluation of antimicrobial efficacy of alcoholic and aqueous coconut husk extract (Cocus nucifera) against three anaerobic periodontal pathogens- an in-vitro study.	OP/09/2023	MGVRES EARCH/02/2023	Oral Pathology
21	Dr. Ayesha Khan	The role of silhouetted profile photograph to predict growth pattern – A cross sectional descriptive study.	Ortho/117/22	MGVRES EARCH/18/2022	Ortho
22	Dr. Akash Mankare	Evaluation of association between tongue position with different types of growth patterns and its relation with palatal depth – An in-vitro cephalometric study	Ortho/120/22	MGVRES EARCH/18/2022	Ortho
23	Dr. Chinmaye Shisode	Evaluation of efficacy of removing C.albicans from the orthodontic acrylic base materials using triphala solution and its comparison with different cleansing methods – An in-vitro study	Ortho/121/22	MGVRES EARCH/18/2022	Ortho
24	Dr. Ankita Jadhav	Comparative evaluation of effect of alcohol-containing mouthwash and alcohol-free mouthwash on frictional resistance of Ni-Ti and Stainless steel orthodontics arch wires - An in-vitro study	Ortho/118/22	MGVRES EARCH/18/2022	Ortho
25	Dr. Amey Terse	Comparative evaluation of effect of different surface treatment techniques on shear bond strength of orthodontic brackets bonded to teeth following bleaching: An in-vitro study	Ortho/116/22	MGVRES EARCH/18/2022	Ortho
26	Dr. Shivani Gorad	Effects of carbonated drinks and hot beverages on the retention of thermoplastic orthodontic essix retainers: An in-vitro study.	Ortho/117/22	MGVRES EARCH/18/2022	Ortho

KBH DENTAL COLLEGE – INSTITUTIONAL ETHICS COMMITTEE

MINUTES OF MEETING

Date: 01-05-2020

Time: 9.30 am onwards

Location: Research and Ethics committee room, KBH Dental college, Nasik.

Attendance:

The following members were present for the meeting:

Sr No.	Name	Designation	Gender	Affiliation to dental college
1	Dr. V. S. More	Chairperson	Male	No
2	Dr. Amit Agrawal	Secretary	Male	Yes
3	Dr. Karan Shah	Clinician	Male	Yes
4	Mrs. Mangal Borkar	Pharmacologist	Female	Yes
5	Mr. Anil Pawar	Layperson	Male	No
6	Mr. Prashant Dalal	Social Rep	Male	No
7	Adv. Kesharwani	Legal Advisor	Male	No

Presenters: 3 PG students of OMDR and 1 PG student of Perio.

Conflict of Interest:

Dr. Amit Agrawal and Dr. Karan Shah were co-investigator/guide for 1 research projects each to be discussed today and had informed that they will be present during presentation by their

students (for any clarification if required) but won't contribute to the voting and will be leave the meeting 10 minutes before so other committee members can finish the voting for that proposal.

The Ethics Committee reviewed the following new studies:

Sr. No	Study reference number	Pi	Title of study
1	Perio/73B/2020	Dr. Chhaya Patil	Effectiveness of different decontamination methods on implant surfaces –A microbiological study.
2	OMR/RP-30/20	Dr. Anagha Bhelonde	Comparative evaluation of novel gel containing curcumin, aloe vera and honey with triamcetonide in oral submucous fibrosis patients: a hospital based RCT.
3	OMR/RP-31/20	Dr. Aishwarya Kulkarni	Comparative evaluation of efficacy of Vit A tablet and Triphala churna in management of oral leukoplakia – A RCT
4	OMR/RP-32/20	Dr. Dipika Utekar	Awareness and attitude towards COVID-19 amongst dental professionals – A survey study.

Ethics committee members discussion:

• Chairperson Dr. V.S.More assessed the quorum and confirmed that the quorum is complete.
• Introduction of the meeting was given by secretary Dr. Amit Agrawal.
• Attendance log was distributed to all EC members.
• Presenters were informed to come inside the room for presentation as per the sequence on

voting list handed over to all EC members
• Individual PG's were given sufficient time to present their proposal in brief.
• Conflict of interest of Amit Agrawal and Dr. Karan Shah for two proposals declared.
• Dr. More appreciated the use of ayurvedic products in comparison to allopathic drugs and wished Dr Anagha good luck.
• Adv/. Kesharwani sir declared that the informed consent were acceptable.
• Since all the projects were thoroughly discussed and approved in research committee, there were no issues in the research proposal per se.
• After all presentations, Dr. Amit and Dr. Karan left the room for 10 min for other to vote and the studies in which they were co-investigators.
• Dr. More sir reminded them to keep the committee updated about the study and also inspired them for publication of the completed research works
• Datta kadu checked the attendance and voting logs were signed or not by all.
• More sir and secretary Amit sir thanked all members for their presence and contribution and meeting was adjourned.

The Ethics Committee reviewed the following new studies:

Sr No	Study reference number	Pi	Title of study
1	Perio/133 /2019	Dr. Chayya Patil	Evaluation of effect of combined periodontal flap surgery and vestibular deepening using electrosurgery in mandibular anterior region of chronic periodontitis patients: A randomized controlled clinical trial
2	Perio/131 /2019	Dr. Ankita Katkurwar	Comparative evaluation of efficacy of green coffee and chlorhexidine gel as a local drug delivery in periodontal pocket in chronic periodontitis patients: A randomized controlled clinical trial
3	Perio/132 /2019	Dr. Pallavi Bhalerao	To determine efficacy of different oil pulling agents in comparison to chlorhexidine mouthwash as an adjunct to full mouth scaling and root planning in plaque induced gingivitis: A single blind randomized controlled trial
4	MGV/KB H/DC/161 /2019	Dr. Nupur Nanir	Association of polycyclic aromatic hydrocarbons with oral mucosal lesions in smokeless tobacco users – an analytical cross sectional study.
5	MGV/KB H/DC/161 /2019	Dr. Shirin Harnekar	Comparative evaluation of oral mucositis in oral cancer patients undergoing 3-dimensional conformal radiation therapy and intensity modulated radiation therapy with or without concomitant chemotherapy – A longitudinal study.
6	MGV/KBH /DC/162/2 019	Dr. Prajakta Parabde	Comparative evaluation of Quality of Life in oral cancer patients undergoing 3-dimensional conformal radiation therapy and intensity modulated radiation therapy – A longitudinal study
7	MGV/319 /Endo	Dr. Devyani Bargal	Comparative evaluation of canal transportation and centering ability of three different file systems at three different levels from root apex using CBCDT: An in-vitro study
8	MGV/320 /Endo	Dr. Rutucha DholePatil	Effect of immediate and delayed post space preparation on the apical microleakage using different root canal sealers: An in Vitro study
9	MGV/321 /Endo	Dr. Shalaka Jadhav	Comparative evaluation of different composite placement techniques on microleakage of nanofilled composite in Class I cavity: An in-vitro study
10	MGV/322 /Endo	Dr. Ketki Khedkar	Comparative evaluation of shear bond strength after the use of fifth, seventh and eighth generation dentin bonding agents with and without saliva contamination: An in-Vitro study
11	MGV/323 /Endo	Dr. Bhagyashree Magar	Comparative evaluation of push out bond strength of MTA, BIOMTA and Biodentine in furcation perforation repair with and without blood contamination: An in-vitro study
12	MGV/Orth o/70/201 9	Dr. Upasna Jethani	Comparative evaluation of rate of alignment of superelastic nickel titanium wires and copper nickel titanium in relieving mandibular anterior crowding: A randomized controlled trial
13	MGV/Orth o/69/201 9	Dr. Sawani Sawanth	Comparative evaluation of bond failure rate of orthodontic brackets bonded with Resin Modified Glass Ionomer cement and composite: A randomized controlled trial

14	MGV/Ortho/71/2019	Dr. Supriya Wagh	Comparative evaluation of effect of micro osteoperforation and mechanical vibration on rate of orthodontic tooth movement in young adults with bimaxillary protrusion – A randomized controlled trial
15	OMR/RP-20/19	Dr. Anagha Belonde	Comparative evaluation of bone thickness at infrazygomatic crest of maxilla in different vertical facial types for mini implant insertion using CBCT – A cross sectional study
16	OMR/RP-21/19	Dr. Shubhangi Dhuldhule	Comparative evaluation of depth of simulated carious lesion on diagnostic accuracy of Cone Beam Computed Tomography (CBCT) and Intra oral direct digital radiography in the detection of secondary caries under a composite restoration – An in-vitro study
17	OMR/RP-22/19	Dr. Aishwarya Kulkarni	Evaluation of effect of apical bone thickness and relative bone density on maxillary sinus mucosal thickening in lesion of endodontic origin using CBCT: A retrospective study
18	MGV/KBH/PEDO/646/2019	Dr. Pooja Patil	Comparative evaluation of single visit and two visit pulpectomy treatment in primary molars using calcium hydroxide with iodoform paste as an obturating material: A parallel group, randomized controlled trial
19	MGV/KBH/PEDO/645/2019	Dr. Sucheta Wetal	Comparison of surface pre-reacted glass ionomer (S-PRG) filler, casein phosphopeptide amorphous calcium phosphate (CPP-ACP) and resin infiltration system on enamel microhardness, surface roughness and sealing efficacy of white spot lesions in primary teeth – In vitro study
20	MGVKBH DC&H/116/4/11/2019	Dr. Shubham Hasban	Comparative evaluation of height of maxillary occlusion rim obtained by the mathematical formula derived from the relation between the length of the palate and the depth of the palate with the occlusion rim that is fabricated using conventional method – An in-vitro study
21	MGVKBH DC&H/113/27/09/2019	Dr. Chetan Kakade	Comparative evaluation of synergistic osteoblast differentiation under strain-gauge integrated vibrational loading with variable frequencies on dental implant surface: In vitro-study.
22	MGVKBH DC&H/117/4/11/2019	Dr. Najma Shaikh	Comparative evaluation of effect of dimensional changes in three commercially available splinting materials on accuracy of reproduction of implant abutment position while recording impression for multiple implants: An in-vitro study
23	STRG/1/2019	Dr. Ankita Katkurwar	Effect of Chlorhexidine and Silver nanoparticles mouthwash on the tensile strength and modulus of elasticity on black silk and vicryl suture: An in-vitro study.
24	STRG/2/2019	Dr. Sidyesh Baviskar	A comparison of awareness of ergonomics and postural assessment in second year preclinical undergraduate students after early exposure to ergonomics in dentistry
25	STRG/3/2019	Dr. Mahendra Gawade	Evaluation And Comparison Of Antimicrobial Efficacy Of Gorukhmundi(<i>Sphaeranthusindicus</i>) Plants Aerial Part, Leaves Or Flower's Extract On Four Different Periodontal Pathogens: An In-Vitro Study

Ethics committee members discussion:

<ul style="list-style-type: none"> Chairperson Dr. V.S. More assessed the quorum and confirmed that the quorum is complete.
<ul style="list-style-type: none"> Introduction of the meeting was given by secretary Dr. Amit Agrawal.
<ul style="list-style-type: none"> Attendance log was distributed to all EC members.
<ul style="list-style-type: none"> Presenters were informed to come inside the room for presentation as per the sequence on voting list handed over to all EC members.
<ul style="list-style-type: none"> Individual PG's were given sufficient time to present their proposal in brief.
<ul style="list-style-type: none"> Dr. Karan Shah asked Dr. Chhaya about the healing after electrosurgery that she was planning to do.
<ul style="list-style-type: none"> Dr. Borkar madam asked Dr. Ankita about the botanical name of green coffee to be used in her study.
<ul style="list-style-type: none"> More Sir asked Dr. Supriya to clarify how the vibration will have effect on tooth movement.
<ul style="list-style-type: none"> Adv. Kesharwani declared that informed consent of all students were acceptable.
<ul style="list-style-type: none"> After all the proposals were presented, voting for all students were done except for Dr. Chaya Patil and Dr. Aishwarya. Before going ahead, for voting for these two students, their respective PG guides were asked to leave the office for 5 minutes.
<ul style="list-style-type: none"> After 7 minutes, both the members were requested to resume the meeting.
<ul style="list-style-type: none"> Everyone was in opinion that since all research proposals had come via Research departments there were no practical corrections in any of the proposals and hence forth this will be the best thing to follow to get it corrected and approved from Research department first and then submit to ethical committee.
<ul style="list-style-type: none"> EC coordinator Datta Kadu checked that the attendance and voting log were signed by all and that no students were left to present their synopsis.

- Chairperson More sir, thank all the members for their patient listening and contribution and the meeting was adjourned.

Modification suggested by EC members:

- Nil

Significant new findings:

The proposals were received after approval from the research committee hence the procedure of evaluation became very fast and convenient, and this protocol was approved by all to be followed in all further meetings.

Adjournment:

There being no further business, the meeting was adjourned at 12.30 pm.

The minutes of the meeting was reviewed and approved by the Chairperson of KBH Dental – Institutional Ethical committee.

Chairperson
Dr. V.S. More

2018-2019

IEC's 49th Research Committee Meeting

This meeting is scheduled to discuss pilot study results of approved topics & discussion of new topics if changed.

Topics for 1st yr PG students final dissertation synopsis, are to be discussed

Attendance:-

- 1) Dr. Sanjay V. Bhavsar - Seal
- 2) Dr. Pradip Pr
- 3) Dr. V. D. Gure Pg
- 4) Dr. M. H. Gure M. Gure
- 5) Dr. Swati Karbar Swati
- 6) Dr. Janti. Mahajan Janti
- 7) Dr. Nilima. P. Nilima
- 8) Dr. Swati Pustake Swati
- 9) Dr. Gayatri Aher G. Aher
- 10) Dr. Ajay Bhosoo Ajay

1) Dr. Apurva Jagtap (cons)

- Rotary retreatment technique
- Quantitative evaluation of coronal leakage
- using image analysis software.
- ? - How'll standardize force/time/to

2) Dr. Komal Bhadarka (cons).

- Compare apically extruded debris
- using Eppendorf tubes.
- ✓ - how standardize optical foramen

3) Dr. Keyur Vasad (cons)

- Shaping ability of simulated caries
- duration of study - 15-20 days
- Estimate expense 60-70000

4) Dr. Pawan Pawar (cons)

- spectrophotometric evaluation of diff
- 180 groups / 3 grs x 60 samples
- 3 subgrps of 20 samples each.
- ? - photo initiator in different comp
- light intensity can be measured by radiometer
- expense around = 30-35000/-
- ? - try to increase study duration.

5) Dr. Samrat Deshmukh (cons)

- Diff surface R on retention of po
- ? - what is effect on R on post surf
- ? - Modify title

6) Dr. Aakash Patil (Pedo)

- partial Vs complete excavation of caries
- ? - partial removal criteria / standardize
- Every 3 mth radiograph ethical?

7) Dr. Shravni Deshpande (Pedo)

- Quality of life in early childhood caries
- Bite force evaluation → TeScan software
- (Or Fuji Pressure sensors)
- ? - standardize no. of teeth. caries
- ? - DMF/DMS criteria
- ? - keep follow up till 6-mths max.

8) Dr. Riyaz Kisan (Ortho)

- 9 techniques of mixed dentition analysis.
- evaluate most reliable.

9) Dr. Nayan Shende (Ortho)

- Ramal length evaluation - class I/II/III
- ? - more work is required on topic

10) Dr. Rohan Garude (Ortho)

- effect of desensitizing agent on shear bond strength
- using 'inston' machine
- in-vitro / extracted teeth.
- modify study design.

11) Dr. Shreeja Pillai (O.P)

- salivary flow & candida carriage rate
- various stages of OBMF.
- clinical implication.
