ALUMNI ASSOCIATION

Alumni Reunion/Meet

Alumni Student Association Program (ASAP)

Alumni Association has been organizing Alumni Reunion regularly which provides the alumni with a chance to reconnect with each other and their alma mater. Such events are not only the celebration of the institutes' legacy but also an opportunity for alumni to network and to give back to their institute in various ways.

Alumni meet are the days filled with excitement, emotions and nostalgia as students connect with each other and the college staff and relive their college days. Taking a tour of the college premises, hostel, canteen, lecture halls, auditorium, clinics, etc. is a very emotional moment for everyone. Past events open the floodgates and so many past events seem to have happened just the other day. Grudges and misunderstandings are forgotten and everyone only experiences sheer joy and bliss. Alumni feel proud to see the changes that have happened in the campus and the progress that the institute has made in terms of infrastructure, expansion, number of courses. They feel overwhelmed to sit on the same benches they sat earlier and to meet the staff who guided and molded them and made them the individuals they are today. Staff too feel immensely proud to see the success of their students and the way they have established themselves as professionals, both in the field of dentistry and in other non-traditional areas. A visit to the canteen to know about each other over a cup of 'chai' and snacks is a must.

To capture memories of a day spent in the company of those who are so much a part of your life, numerous photos are clicked and videos recorded to be shared on social media for those who could not make it to the event. These are treasures to be kept for posterity. The reunion ends with promises to meet soon once again. Everyone goes back with misty eyes and a heart filled with joy to last a lifetime.

Following are some of the memories captured from few of the alumni meets conducted in the college
