**Program Report**

**Title of the activity-** Continuing Dental Education program "Orthotrendz" CDE- Nemoceph software – advanced digital simulator

**Day and date-** Tuesday, 14/06/23

**Venue-** Online webinar on zoom platform.

**Time-** 10:30 am to 12.30 pm

**Speaker-** Mr. Sanjiv Singhal, Software expert Nemoceph

**Moderator-** Dr.Nitin Gulve

**Objective of the program –**

To impart knowledge and help raise awareness among students & faculty about use of advanced digital simulator like Nemoceph.

**Attended by-** Postgraduate students, Teaching staff (List Attached).

**Brief information about the activity-**

Department of Orthodontics and Dentofacial Orthopaedics began with a lecture series in Orthodontics to help postgraduate students and faculty members to update their clinical acumen.

The program began with a warm welcoming of the speaker and participants by our Head of Department, Dr Nitin Gulve. The meeting was conducted on zoom online platform.

The speaker for the day was Mr.Sanjiv Singhal who enlightened the participants on Nemoceph cephalometric software through demonstration. He explained the working of Nemoceph software step by step. The lecture was followed by an interactive online hands-on activity. The program was a huge success owing to the contribution from the entire staff of the department. It ended with a vote of thanks and participants having a clearer knowledge about Nemoceph cephalometric software.

**Outcome of the activity :** The chosen clinically oriented topic helped the participants to have a better outlook and open mindedness towards the Nemoceph cephalometric software.

### Program Report

Title of program - simulation training for advanced CBCT simulator for faculty

Organized by - IQAC of MGV KBH Dental, College, Nashik

Day & Date – Thursday, 20-10-2022

Venue –CBCT Section of Oral Medicine & Radiology Department

Time –12:00 noon onwards

Guide – Mr. Irfan Baxi, Senior System Engineer, Sirona Dentsply, Mumbai

Attended by – teaching staff (list attached)

Objective of the program – simulation training for advanced CBCT simulator for faculty

Brief information, outcome & feedback of the program - The session started with a formal welcome of the resource faculty & the attending staff by trustee Dr. Pradeep GL & Principal Dr. Meenal Gulve.

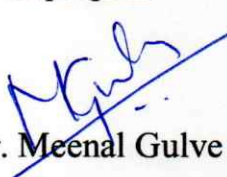

Mr. Irfan Baxi, Senior System Engineer, Sirona Dentsply, Mumbai demonstrated the various internal parts of the Dentsply Sirona CBCT Machine. He particularly demonstrated the important components like the sensors & tube head.

Later a hands on demonstration was given on the sidexis software and the implant & nerve simulation tools by Mr. Irfan Baxi.

Participant's feedback was obtained through group discussion at the end of program

### Program Report

Title of program – Importance of sustained simulation training programs & innovations in simulation

Clinical skills lab and simulation methods of teaching-learning demonstration for faculty

Organized by - IQAC of MGV KBH Dental, College, Nashik

Day & Date – Friday, 23-09-2022

Venue – Simulation Lab.

Time – 9:00 am to 10:30 am

Guide – Senior faculty from dental & medical stream

Attended by – teaching staff (list attached)

Objective of the program –Importance of sustained simulation training programs & innovations in simulation technique for surgical procedures

Brief information, outcome & feedback of the program - The session started with a formal welcome of the resource faculty & the attending staff by Principal Dr. Meenal Gulve.

Dr. Bhushan Pustake discussed importance of sustained simulation training programs. He also suggested about the innovations that can be added in simulation training methods.

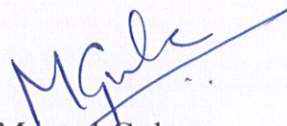

Senior faculty from each department discussed & demonstrated simulation training relevant for that particular branch.

Dr. Amit Agrawal demonstrated an innovative method of using an orange peel for surgical procedures like designing a partial thickness flap & suturing technique. Dr. Shrikant Mali also demonstrated simulation teaching approach for suturing technique by using macintosh sheets.

Participant's feedback was obtained through group discussion at the end of program

Attended by – teaching staff (list attached)

Objective of the program – Comprehensive approach for simulation training

Brief information, outcome & feedback of the program - The session started with a formal welcome of the resource faculty & the attending staff by Principal Dr. Meenal Gulve. This year a comprehensive session was arranged where faculty from various branches viz. Orthodontics, Periodontics, Oral Surgery, Pedodontics and Conservative & Endodontics discussed & demonstrated methods of simulation training.

Dr. Amit Nehete discussed & demonstrated simulation for space analysis. Dr. Triveni Kale & Dr. Sachin Dahiwelkar demonstrated simulation teaching approach for suturing technique. Dr. Swapnil Patil demonstrated rubber dam application whereas Dr. Swapnil Kolhe discussed the principles of cavity designs with the help of study models.

Participant's feedback was obtained through question answer session at the end of program

## Program Report

Title of program – Orthodontics & Dentofacial Orthopedics for Simulation Training

Clinical skills lab and simulation methods of teaching-learning demonstration for faculty

Organized by - IQAC of MGV KBH Dental, College, Nashik

Day & Date – Saturday, 06-02-2021

Venue – Simulation Lab.

Time – 11:00 am to 12:00 pm

Guide - Dr. Nitin Gulve, Professor & Head. dept. of Orthodontics

Attended by – teaching staff (list attached)

Objective of the program – Orthodontia & simulation training.

Brief information, outcome & feedback of the program - The session started with a formal welcome of the resource faculty & the attending staff by Principal Dr. Meenal Gulve & Trustee Dr. Pradeep GL. Resource faculty Dr. Nitin Gulve explained the purpose of the activity. He delivered an apt presentation on simulation training in orthodontics. He discussed various methods that can be applied in simulation training.
