**Annual Report of programs on Training & Guidance for Competitive Exam and Career
Counselling**

2018-2019

These days students want to explore various career options. The mentors have all stepped outside their boundaries to carve out their careers. The theme was to expose the students to the plethora of competitive exams for post-graduation and upscaling them for building practice options available to them after they graduate.

Details of the program

| Sr.no | Date | Topic | Participants | Name of the speaker |
|-------|------------|--|--------------|----------------------|
| 01. | 22/12/2018 | Seminar on Building practice without owning a clinic | 196 | Dr. Amit Agrawal |
| 02. | 16/05/2019 | Preparation for competitive exams | 210 | Dr. Darpan Kothavade |

Brief information about program / activity – Students who have passed out of the institute and have established themselves in their chosen field were contacted to help in guiding and mentoring the students of the institute. The theme for this year was to sensitise to students about basic fundamental principles to establish excellence in clinical practice and the competitive exam preparation guidelines. This activity is an initiative of career and competitive exam guidance cell and Alumni Association.

Outcome of the activity –both the sessions were very well received by the students and interns, many staff members attended the sessions too. It not just gave them an opportunity to get to know about various fields which they can explore after BDS, that would definitely help to own a successful practice and to excel in the demands of attempting the competitive exams with flying colours. But also the direct interaction gave them a chance to set all their queries and doubts to rest.

Feedback about the program –We received extremely positive feedback from the participating students. They said that the kind of information that they got first-hand is not possible to obtain from any other source. It also helped the students to understand the hard-work and dedication needed to achieve success in one's area of interest. The nutrition and fitness session was something relevant to everyone throughout one's life.
