The revised filled in completed AAF should be sent by email to [stshrd2017@gmail.com](mailto:stshrd2017@gmail.com) by 29<sup>th</sup> June 2020 (by 3:00pm).

Please note: If required AAF is not received by 29<sup>th</sup> June, 2020 the selection of the withheld students shall stand cancelled without any further information. ### **General Information**

1. The final list of students selected for STS 2020 Program is displayed below in order of their STS-2020 Reference ID. There will be no second list.  
Please note: Always quote your STS Reference ID for any future correspondence emails to ICMR.  
**DO NOT SEND EMAILS ASKING FOR REASONS OF REJECTION/COMMENTS etc. Such emails will not be entertained or corresponded. (Pl. see STS Guidelines for details).**
2. Each application was reviewed independently by group of Experts for its scientific value and selections have been made as per scores obtained.
3. In wake of the current COVID-19 health emergency majority of Medical/Dental Colleges/Hospitals/Institutes are closed, therefore the Report submission for STS 2020 will be further decided only once the Govt. of India and various State Govt. decide to re-open all the Medical/Dental Colleges/Institutions.
4. So you may wait until the decision is declared by Govt. of India and various State Govt. and then proceed to carry out the proposed research work for STS 2020, and accordingly ICMR will then upload the revised schedule for STS 2020 Report submission guidelines and timelines.
5. The research carried out by the student must be in compliance with ICMR "Ethical Guidelines for Biomedical Research on Human Participants, 2017" which may be downloaded from ICMR website

6. **VERY IMPORTANT:** Before beginning the research work, a clearance from an appropriately constituted (as per ICMR Ethical guidelines) Institutional Ethics Committee (IEC)/or Institutional Animal Ethics Committee (IAEC) should be obtained, as applicable. If the Ethics Committee composition is not as per ICMR guidelines, the completed report of the student will not be accepted by ICMR.
7. If the Ethics Committee does not approve the student's project OR does not hold a meeting or the student does not have the approval due to any reason, he/ she should not carry out his/ her research till he/ she receives the approval. **Report on research carried out without ethical approvals shall not be accepted.** In case it is felt that research belongs to exempt category a "certificate of exemption" may be obtained from the IEC and submitted to ICMR along with the report.
8. The Ethics Committee clearance must be obtained at the earliest between **January-September** so that the student gets **at least two month** time to carry out the research and submit the STS report by the deadline given.
9. For all research on human participants/ samples/ data/ retrospective records, an Institutional Ethics Committee approval is required. In addition, an informed consent should be taken from the research participants. In case, it is felt that informed consent is not needed/ cannot be obtained, permission for **waiver of consent** should be obtained from the IEC before initiating research.
10. Research should be completed under the Guide who would take the overall responsibility for the conduct of research, preparation and submission of report and the required enclosures within the stipulated time period.
11. In an event of the Guide leaving the Institute/College before completion of the project, the student may continue work under a new guide from the same department after obtaining permission from Principal/Dean. Permission of the ICMR is not needed, but information should be duly sent to ICMR after getting approval.
12. The decisions taken by ICMR shall be final for all. No correspondence in the matter will be entertained.
