Title of the activity / program- Oral Health Care Delivery for Shilapur residents- Screening and Treatment Camp

Day and Date – Wednesday, 12/10/22

Venue – Shilapur

Time – 10:30 a.m. to 3:00 p.m.

Objective of the activity / program – To bring awareness about Oral health and its treatment.

Brief information about program -

An oral health screening and treatment camp was conducted at one of our adopted villages Shilapur on 12th October 2022 (Wednesday) for general population by Department of Public Health Dentistry and National Service Scheme. Dr. Pradeep G. L. (Trustee Medical education), Dr. Nilima Prakash (Director, MGV Trust) and Sarpanch of the village Mrs. Manda Gangurde were chief guests for the event. Dr Pradeep GL Sir mentioned in brief about various oral health care services available on field and at institute for the adopted villages. Dr. Pallavi Tripathi , Dr. Preeti Dandge , Dr. Piyush Thakare , Dr. Vidhisha Gargil attended the camp. It was also a good experiential learning experience for 16 interns and 6 non teaching staff who participated enthusiastically in the camp.

In all 121 patients were screened and 42 patients received treatment while rest were referred to institutional OPD. With the help of mobile dental van, portable chairs and efficient team of interns and staff various treatment procedures like restoration, ultrasonic scaling and minor extractions were provided. Oral hygiene aids like toothbrush (kids and adults) and toothpaste were also distributed amongst patients. Medications including antibiotics and analgesics were also distributed. Blood pressure was also recorded for all elderly patients.

An oral health talk was also presented by DrPallavi Tripathi. The principles of health education like Tell-show-Do and Learning by Doing were implemented and the session promoted oral health amongst school from class I to class VIII, adults and elderly. After learning the children amongst audiences also demonstrated brushing techniques. Steps of oral hygiene maintenance and brushing techniques were explained to masses with the help of models and educational charts. Tobacco cessation pamphlets were also distributed.

Outcome of the activity –

S.No.	Procedure	No. Of patients
1	Oral health examination	121
2	GIC restoration	12
3	Minor extractions	9
4	Measurement of blood pressure	25
5	Ultrasonic scaling	21
6	Tobacco pouch keratosis	2
