ALUMNI ASSOCIATION

Alumni in action from graduate to guardian

Contributions of the Alumni Association to the Institution

The Alumni Association of MGV's KBH Dental College and Hospital, Nashik plays an active role in the development of the institution, the most important being building the reputation of their alma mater with their hard-work and dedication. The purpose of the alumni association is to foster a spirit of loyalty and to promote the general welfare of the students and the institute as a whole. The active Alumni Association of the institute contributes in academic matters, student support as well as mobilization of resources – both financial and non-financial. Former students of the institution play an immensely positive role in higher education transformation.

The institute has a wide network of alumni who are scattered in different parts of the country and abroad. They have gone on to explore traditional and non-traditional fields and established themselves as excellent clinicians, entrepreneurs, researchers, academicians, businessmen, clinical researchers, forensic scientists, Public Health experts, psychologists, Statisticians, actors, HR professionals, journalists, content writers, Yoga instructors, fashion designers and ventured into many more interesting and challenging fields. Our students have joined the Indian Armed Force, both as dentists and in active service and also serve the country as Public Service professionals. They run NGOs, do digital marketing, are into Health Data Analytics, adventure

sports, have patents to their names, are working in the field of Artificial Intelligence and have stepped into fields that traditionally dentists never thought of entering.

1. Financial/ Kind:

a. Donation in Cash

Account (A/C no. 97580100038504, Bank of Baroda, Adgoan Naka Branch, Panchavati, Nashik-4222003) of alumni Associations has approximately 1,49,000 INR deposited as registration fees by alumni up to academic 2022-2023)

(For details, refer bank statements and extract of audited statements of alumni account)

b. Donation in kind

Many of our alumni have donated dental instruments to the college. These instruments are given away to students facing financial difficulties so that they can continue with their education without any problems.

Sr. No.	Name of Alumni	Number of Instruments				Approx. cost
		Micro-motors	Articulators	Trays SS/ Denture /Kidney	Others	
1.	Dr. Amit Agrawal 10/01/23				1. Mouth Mirrors - 30 pieces . Approx cost Rs. 200 per unit 2. Dental probe - 30 pieces . Approx cost Rs. 30 per unit 3. Tweezers - 5 pieces – Approx cost Rs 30-50	Rs 7000-8000
2.	Dr. Nitika Malik (Bhatnagar) 24/12/22	-----			Modern Instruments used in USA	50,000
3.	Rachel Gupta (2021-22)	-----			Rotator head piece	Rs.3000
4.	2020-21 Passing out batch	2 Approx.	20 Approx.	SS Tray-12,	Clamp-19, Spatula, Plaster knife 20-	Rs 20,000

		2500/ perunit	cost 250/ per unit	Denture Tray-74 Kidney Tray-12	Tweezers -12	
5.	2019-20 Passing out batch	1	--	Denture Tray-06 Kidney Tray--03	Stainless steel enamel tray. Hand Cutting instruments, Mouth mirrors, Probe, Rubber bowl, tiles, Carver Wax spatula, Wax Knife	2000-3000
6.	2018-19 Passing out batch	1	1	Denture Tray-02 Kidney Tray-02	Stainless steel enamel tray. Hand Cutting instruments Mouth mirrors, probe Rubber bowl, spatulas, ceramic tiles, Carver Wax spatula, Wax Knife	1500-2000

Total Approximate Value: Rs 85000

2. Donations of books/ Journals:

Our Alumni have been generous in donating books and journals to the college library. These books not just enhance the knowledge of students but also help the needy students in their pursuit of good education.

Sr. No.	Name of Alumni	No. of Books donated (Year)	Journals	Approx cost
1.	Dr. Amit Agrawal	14 (2022-23)	-	8000 INR
2.	Dr Rikin Merchant	7 (2022-23)	-	3600 INR
3.	Dr. Disha Patil	35 (2022-23)	-	10000 INR
4.	Dr. Amol Kulkarni	17 (2021-22)	7	15000-20000 INR
5.	Dr AmitAgrawal	01 (2021-22)	-	8500 INR
6.	Dr Amit Agrawal	07 (2021-22)	-	1500 INR

7.	Dr. Dhanashree A Patil	12 (2020-21)	-	5000-7000 INR
8.	Dr. Abhishek Kurdukar	11 (2019-20)	-	3000 INR
9.	Dr. Hrushikesh Aphale	11(2019-20)	-	4000 INR

Total Approximate Value: Rs 63000

3. Student Placement:

- a. The institute is fortunate to have a vast network of established alumni who are into active clinical practice. These alumni provide opportunities to our students for observation as well as placements at their clinics which help students learn many things like how to dress professionally, how to communicate with the patient, how to manage appointments, stock, finances besides learning the art of patient management, treatment modalities, handling various instruments and many more things. Eventually these students become confident about their skills and go on to establish their own successful practice. The college has a list of established alumni practicing in Nasik and other cities who provide observation and placement opportunities to our students. Various short-term courses are conducted at these clinics which students can get enrolled in to enhance their professional skills.
- b. The alumni advertise requirements of dental associate in their clinics on the college WhatsApp group created for job opportunities. Interested students can directly get in touch with prospective employers.
- c. The alumni settled abroad also provide opportunities to our students to work as dental assistants at their clinics as they prepare for their licensing exams. Dr Amol Kulkarni, our alumnus is Rwanda, Africa is willing to give internships to students willing to go to work there. He has already provided employment to one of our students at his clinic.
- d. The institute also has a large number of alumni who have moved into non-clinical fields like insurance, health analytics, hospital management, pharmacovigilance, content-writing, medical coding, clinical documentation specialist, etc. These students

provide leads regarding openings in their organizations and help in providing recommendation to our students thus helping in placements.

4. Student Exchanges:

- a. Our alumni spread across the world are ever-willing to extend a helping hand to our students going abroad for work or higher education. Our alumni have their presence in the US, Canada, UK, Scotland, Germany, Switzerland, Malaysia, Australia, New Zealand, Taiwan, UAE, Saudi Arabia, Rwanda to name a few countries. The international alumni WhatsApp group connects the students wishing to move abroad to the alumni already settled there. It makes a big difference to have someone hold your hand while you find your footing in a foreign land. These alumni provide authentic information about colleges, admission procedure, choosing courses, preparation for exams, licensing process, etc. and also provide opportunities for observation and employment. They also assist in securing admission to colleges, paper publication, etc. The information and mentoring are indeed invaluable and far more authentic than what is available online or what is provided by the counsellors.
- b. With the help of our alumnus, Dr Smita Nimbalkar, at School of Dentistry, IMU, Malaysia, our students got an opportunity to be part of an International Mobility Program. This gave the students an insight into critical thinking and problem-based learning and advanced concepts of dentistry at a global level.

5. Institutional Endowments:

- a. The Alumni Association conducts many activities which contribute to the development of the institute and the holistic development of the students through a variety of educational programs and interactive lectures, career guidance sessions, discussions on alternate career options, lectures on preparation for competitive exams, continuing dental education programs, public and oral health awareness, forensic odontology, health research methodology, how to do systematic review, clinical audit and many more.

- b. The Alumni interview series is a series of interviews of established alumni conducted by our students to get to know about the journeys of these alumni, their struggles, their hard-work, their dedication and perseverance before they eventually succeeded.
- c. The Alumni Mentorship Congress that is organized every year is an effort to have about 7-8 alumni address the students on a particular theme every year. Students get a chance to meet these successful alumni in person, listen to their topic, interact and take guidance from them.
- d. Besides the theme of mentorship congress, alumni working in various fields are regularly invited to address the students so as to widen their horizons and provide the necessary impetus to the students to look beyond what is visible and aim to reach higher and higher.
- e. Four of the alumni of the institute settled abroad have agreed to join the institute as Adjunct Faculty in various dental departments. These faculty bring with them years of experience and a specialized skill set. They conduct at least one lecture/year, either physically or online. These sessions provide insight to the students on topics that are not part of the curriculum and give them a global perspective of dentistry.
- f. The Alumni of the college have donated medicinal plants for developing herbal garden at the institute. This will contribute to a greener campus, purification of environment and also help students to learn to identify these plants, understand their medicinal value and explore possibilities of using extracts of these plants against dental pathogens.

Alumni contribution to Institution as Adjunct Faculty in various Department

Following Alumni are **Adjunct Faculty** with MGVS KBH Dental College and Hospital

Sr No.	Name of Alumni	Adjunct Faculty in the Department	From Year	Lecture/ Session On Topic Conducted
1.	Dr Ranjeet Bapat	Department of Periodontology	18 th Sept 21	1. Clinical Audit: Overview, Importance and Procedure

2.	Dr Amol Kulkarni	Department of Oral and Maxillofacial Surgery	1 st Nov-21	1. Role of dentist as oral physician in preventing oral cancer (Oct 22) 2. Online CDE Program on Odontogenic Infection (Jan 23) 3. CDE- Diagnosis & Management of Gigantiform odontogenic Tumours. (July 23)
3.	Dr Amey Patil	Department of Conservative Dentistry and Endodontic	14 th Jan-22	1. CDE: Digital Dentistry and AI in Dentistry (19 th and 26 th Feb 2022) 2. Fundamentals of occlusions- Principles and Concepts. (Sept 23) 3. Operative Dentistry: Clinical Perspective (Sept 23)
4.	Dr Rohan Jagtap	Department of Oral & Maxillofacial Radiology	21-08-23	1. Students Guidance Session (28 th Nov 23)

Contribution in academics and career guidance

Alumni (National and International) have conducted sessions (lectures and interactive sessions) for present Graduates and Postgraduates on academics, higher education and careers (in India and Abroad). The alumni also conduct sessions for staff to keep them updated on technology, recent trends, professional enhancement, etc.
