INDEX

Sr.No.	Particular/Document Name	Page No.
	2022-23	
1.	CDE: Composite veneer ; magnification: next step in dentistry	7-10
2.	CDE : Multiomics in Periodontics	11-13
3.	CDE: 1. B catenin in health & oral lesion 2. Enigmatic insight into collagen 3. Diagnosis and management of lichen planus	14-16
4.	CDE: Recent advances in Regenerative Endodontics	17-18
5.	Professional Skill Development Programme: Simplifying Rubber dam	19-20
6.	CDE: " Orthotrendz" on "Cleft lip and palate and its management.	21-23
7.	Professional Skill Development Programme: Simulation training for advanced simulators	24
8.	CDE: TMD:- Temporomandibular Disorder	25-27
9.	Training Programme: MUHS Workshop	28-30
10.	CDE: Immediate Implants in Practice	31-32
11.	CDE: Odontogenic infections	33-34
12.	CDE Rotary Endodontics	35-36

13.	Training Programme: Learning Administrative Skills	37-38
14.	Training Programme: Administrative Skills Training for Nonteaching Staff	39-40
15.	CDE :ATLS	41-44
16.	Training Programme: Digital smiles	45-47
17.	Professional Training : Good Clinical Practice	48-49
18.	Enterpreneurship Development: Contemporary approach in restoration of Endodontically treated teeth	50-51
19.	CDE:Scope of aesthetic dentistry	52-53
20.	Enterpreneurship Development: Industry Academia Collaboration	54-56
21.	CDE: Simplified Esthetics	57-59
22.	Enterpreneurship Development: Global oral health	60-61
23.	Enterpreneurship Development: Health data analytics	62-63
24.	Training Programme: Induction of new staff members	64
25.	Enterpreneuership Development: ICT content creation	65-66
26.	Training Programme: Administrative Skills Training for Teaching Staff	67-68
27.	CDE: Basics & Interpretation of Cone Beam Computed Tomography (CBCT)	69-70
28.	CDE: Diagnosis and Management of Gigantiform Tumors	71-73
2021-22		
29.	Training Programme: International Day of Radiology, Dept of OMDR	75-76
30.	CDE: Stem cells was organized by the Department of Oral Pathology	77-79
31.	CDE: “ Orthotrendz” on Accelerated Orthodontics	80-82
32.	CDE: “ Orthotrendz” on Applications of TADs	83-85
33.	CDE: “ Orthotrendz” on Biomechanics of Aligners	86-87
34.	Professional Skills Development Programme: “Recent Advances in Endodontics	88-89
35.	Professional Skills Development Programme: Full Mouth Rehabilitation	90-92
36.	CDE: Recent Advances in Periodontal Regeneration	93-94
37.	CDE: “Temporomandibular Joint Disorders	95-96

38.	Importance of soft skills & communication for Nonteaching Staff	97-98
39.	CDE: " Orthotrendz" on "resolving Enigma of Lingual Orthodontics"	99-100
40.	CDE: " Orthotrendz" on " Evolution of Orthodontic Practice from conventional to self Ligating to customized system	101-103
41.	Enterpreneurship Development: 2nd ITI Study HUB	104-106
42.	CDE:Management of periodontitis	107-108
43.	Professional Skill Development Programme:: Recent advances in Composite Resin	109-110
2020-21`		
44.	Training Program: Importance of Covid protocol	112-113
45.	Training Programme: Webinar on an insight into case selection for presentation And publication	114-116
46.	Training Program: Importance of Covid protocol	117-118
47.	Professional Skills development Programme: Importance of Sterilization, cleaning and maintenance of Instruments	119-120
48.	Training Programme: Covid-19 Vaccine Drive	121-122
49.	Training Programme: World Cancer Day - Dept OMDR, OMFS, ORAL PATH - Awareness lecture & screening of Patients	123-124
50.	CDE: Painless Endodontics	125-126
51.	CDE:OOO Activity.... Lecture on - Gigantiform tumors of jaws - Dr. Amol Kulkarni	127-128
52.	Professional Skills Development Programme:Topic-Bolt from the pink and blue- An insight into surprises in clinical practice	129-131
2019-20		
53.	Training Program: Mgt of emergencies	133-134
54.	Professional Skills development Programme: Importance of soft and communication skill in Professional career	135
55.	CDE: Painless to pain free dentistry and breath free clinic -	136-138
56.	Training Programme:World Bioethics Day	139
57.	Professional skills development Programme: Soft Skills.	140-141

58.	Training Programme: Sterilization, cleaning & maintenance of Instruments	142
59.	Pediatric restorations from caries management to smile designing.	143-145
60.	CDE: Advancements of Pediatric Endodontics - Dr. Vishwas Patil	146-148
61.	Professional skills development programme: Medical Emergencies in Day to Day Dental Practice - Hands on Workshop Maxillofacial Surgeon : Dr. Sachin Dahivelkar	149-153
62.	Training Programme: World Aids Day-Awareness Lecture	154
63.	Professional Skills development Programme:Role of paramedical staff in medical emergencies Dr Shirish Deo	155
64.	Training programme: Basic training in CBCT - Dr. Shital Nikam	156-157
65.	Professional skills development programme: Publication Ethics' - Dr. Amit Agrawal	158-159
66.	Professional skills development programme: Advances in Conservative Dentistry and Endodontics	160-161
67.	Training Program: World Cancer day	162
2018-19		
68.	Professional Training Program: Importance of Soft Skills	164
69.	Training Programme: DTR- Disclusion time reduction therapy for treatment of TMD - Dr. Varun Kunte	165-166
70.	Importance of Sterilization	167
71.	Professional Training Program : management of Medical Emergencies	168
72.	Professional skills development programme: MRI & its applications -Dr Priyanka Sakhvalkar	169-170
73.	CDE:Maxillofacial surgery - Dr. Amol Kulkarni	171-172
74.	Training Program: Administrative Training	173
75.	Professional Skill Development Program: BLS	174-175
76.	Professional skills development programme: Digital planning in Reconstructive Surgery - Dr. Bruno Aldo	176-178
77.	CDE: 3-D printing - Dr Bharat Mody	179-180
78.	Professional skills development programme: Hands on demonstration of CPR - Dr. Rahul Bhamre	181-182

79.	CDE: Laser in Oral Medicine - Dr. Vikram Khare	183-184
80.	Professional Training Program: Importance of Sterilization	185-186

Internal Quality Assurance Cell

MGV/KBHDC/IQAC/ 30 /2023

Date: 24.06.2023

C I R C U L A R

This is to inform all the students and staff that Internal Quality Assurance Cell, Alumni Committee and Department of Periodontics and Implantology of MGV's KBH Dental College and Hospital, Nashik, is organizing a CDE (Continuing Dental Education) program on "Immediate Implants in Dental Practice".

Dental Implants are slowly becoming more and more popular and increasingly accepted by dentists and patients. Gone are the days of conventional implantology where patients were asked to wait for many months after extraction, then implants were placed and then again after a wait of many months they were given an actual prosthesis that the patient could use. Newer concept involves 'Immediate Implants' which involves placement of dental implant at the same time when the tooth is extracted. However, as easy and promising it may seem, it involves its own skills, techniques and limitations. This CDE will focus on immediate placement of dental implant, various case discussions, indications, limitations along with tips and tricks for successful and predictable immediate implants.

All staff and students are requested to attend the same. The details are given below:

Topic: Immediate Implants in Dental Practice

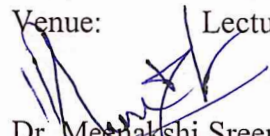

Speaker: Dr. Amit A. Agrawal

The speaker for the CDE is an Alumnus of our college 1996 to 2001 batch. He completed his MDS in Periodontics from GDC Nagpur and MPhil from Global Open Uni. Nagaland. He is currently working as Professor, PG and Phd guide at our college and attached as consultant for Perio/LASERS and Implants to more than 150 dental clinics.

Day, Date: Saturday, 1st July 2023

As part of the 3rd edition of the Alumni Mentorship Congress, MGV's KBH Dental College & Hospital, Nashik, is organising a Workshop on -
'ATLS: Cosmos in Chaos' (ATLS- Advanced Trauma Life support)

Topic : **'ATLS : Cosmos in Chaos' (ATLS- Advanced Trauma Life support)**
Organised by: Alumni Committee and Department of Oral and Maxillofacial Surgery
Day and Date: Friday, 24th March 2023
Time: 10.00 a.m. – 11.00 a.m.
Venue: Auditorium
Target Audience: Undergraduate students, Interns, Postgraduate students, Faculty

About Keynote Speaker - Dr. Jimish Desai

Wg Cdr Dr. Jimish Desai is a permanent commissioned officer in the Dental branch of Indian Air Force. He is alumnus of 2002 batch of MGV's KBH Dental College and Hospital, Nashik. He opted for alternative avenues post his specialization and joined the prestigious Army Dental Corps in the rank of Captain in 2013.

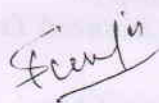

He is currently holding the appointment of Classified Specialist Oral and Maxillofacial Surgeon and is an associated faculty in the Army Dental Centre (Research and Referral). He is a board certified Oral and Maxillofacial Surgeon. The officer is also a certified ATLS provider and has been graded as 'Instructor Potential' by ATLS India, one of the handful oral surgeons in India to be graded as Instructor Potential. He has been instrumental in developing newer techniques like patient specific implants for reconstruction of maxillofacial defects.

About (ATLS- Advanced Trauma Life support)

Advanced trauma life support (ATLS) is a training program for medical providers in the management of acute trauma cases, developed by the American College of Surgeons. Similar programs exist for immediate care providers such as paramedics. The program has been adopted worldwide in over 60 countries sometimes under the name of **Early Management of Severe Trauma**. Its goal is to teach a simplified and standardized approach to trauma patients. Originally designed for emergency situations where only one doctor and one nurse are present, ATLS is now widely accepted as the standard of care for initial assessment and treatment in trauma centers. The premise of the ATLS program is to treat the greatest threat to life first. It also advocates that the lack of a definitive diagnosis and a detailed history should not slow the application of indicated treatment for life-threatening injury, with the most time-critical interventions performed early.

The American College of Surgeons Committee on Trauma has taught the ATLS course to over 1 million doctors in more than 80 countries. ATLS has become the foundation of care for injured patients by teaching a common language and a common approach.

About Keynote Speaker - Dr. Smita Mishra, Renowned Cosmetic Dentist, Navi Mumbai.

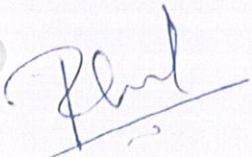

(Accredited Member of Indian Academy of Cosmetic and Aesthetic Dentistry, Fellowship in Smile Designing from Istanbul, Turkey)

Dr. Smita Mishra is an Alumna of 1998 batch of MGV's KBH Dental College & Hospital. She belongs to the 1st MUHS batch passed out in 2003. She has worked as a junior lecturer at MGM Dental college, Mumbai from 2004-2008. She started her own clinic, SUSMIT Dental Clinic at Belapur, Navi Mumbai in 2007. She provides dental treatment in diverse areas like extraction, RCT, implants, and excels in giving her patients a total smile makeover. She is a certified member of Indian Academy of cosmetic and aesthetic dentistry. She has pursued her Fellowship from Advance Smile Designing Institute, Istanbul, Turkey. She is a certified smile designer with Exocad software.

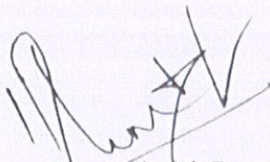

About Smile Designing

Cosmetic dentistry can play a crucial role in helping us develop a smile that brings us confidence and joy. *Smile designing* is an exciting new concept in dental technology that offers more options than ever to achieving a beautiful and shapely smile.

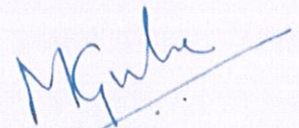

Exocad is an innovative in-CAD *smile design* solution for predictable esthetic smile makeovers. Understanding what a patient wants and translating it to deliver desired results offers immense satisfaction to both the patient and the provider.

This is to inform all the UG, PG students, Interns & staff that Internal Quality Assurance Cell of MGV's KBH Dental College & Hospital, Nashik, is organising a Seminar on '**Good Clinical Practices**' on **Saturday, 08.04.2023 at 09.00 a.m.** The venue for the seminar is **Lecture Hall 101.**

Good clinical Practice (GCP) is the international ethical, scientific and practical standards to which all clinical research is conducted. It addresses elements related to the design, conduct and reporting or clinical trials. It is very important that everyone involved in research (in-vivo or in-vitro) be trained or experienced enough to perform specific tasks at hand. It is also important to attend refresher course of GCP atleast once in a year.

All the students & staff are requested to attend the same. The details of which are given below-

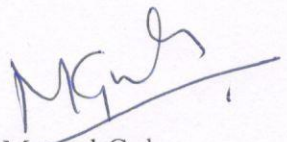

Topic- Good Clinical Practices

Speaker Dr. Amit Agrawal, M.D.S, M.Phil.
Incharge, Institutional Ethical Committee, MGV's KBH Dental College, Nashik

The speaker for this session on GCP Dr. Amit Agrawal, is Member Secretary of Ethics committee of our KBH Dental College since many years and Chairperson of Magna Care ethics committee of Magnum Heart Care Hospital since last 4 years. He is trained on GCP by NIDA, NIH has attended various research and ethics related lectures and workshops and also presented lectures on GCP at various platforms. He has been a key member of our college's research committee for the last fifteen years.

29th June 2023

C I R C U L A R

This is to inform all the students & staff that Internal Quality Assurance Cell, of MGV's KBH Dental College & Hospital, Nashik, is organising an Industry Academia Collaboration.

Collaboration between industry and academics promotes technological advancement and innovation. Industry collaborations are essential for developing research and a qualified workforce. As we move into the next decade of new technologies, personalised medicine, the digitalisation of the economy and society through AI, and high-performance computing will bring about significant changes in healthcare. These will necessitate solutions that India can deploy sustainably. In order to invent and commercialise these solutions, industry-academia collaborations with an enabling government framework will be essential.

All the students & staff are requested to attend the same. The details of which are given below-

Topic- Industry Academia Collaboration
Day, Date: Thursday, 6th July 2023
Time: 9.00 a.m.
Venue: Auditorium
Speaker : Mr. Sachin Sudhakar Birari, M.Pharm, Ph.D

12th June 2023

C I R C U L A R

This is to inform all the students & staff that Internal Quality Assurance Cell, Alumni Committee and Dept. of Public Health Dentistry of MGV's KBH Dental College & Hospital, Nashik, is organising a Lecture followed an interactive session on 'Global Oral Health – An Insight and Opportunities'.

Dental public health is the science and art of preventing and controlling dental diseases and promoting dental health through organized community efforts. It is a unique, non-clinical discipline focused on improving dental and oral health across populations rather than among individuals. There is need for widespread surveillance of oral health including the monitoring of problems such as oral cancer and tobacco use. Collection of data on the incidence of dental and oral disease across populations is the need of the hour to help policy makers raise awareness of these problems and devise appropriate strategies.

All the students & staff are requested to attend the same. The details of which are given below-

Topic- Global Oral Health – An Insight and Opportunities'.

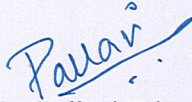

Speaker **Dr. Dharti Chopda**

The speaker for the session is an Alumna of our college from 2011 – 2016 Batch. She has completed her M.Sc. in Dental Public Health from UCL England (U.K.). She is currently Research Officer at IDA Head Office. She is a Public Health Dentist, Entrepreneur, Researcher and Author.

C I R C U L A R

This is to inform all the students & staff that Internal Quality Assurance Cell and Alumni Committee of MGV's KBH Dental College & Hospital, Nashik, is organising a Lecture followed by an interactive session on 'Health Data Analytics'.

Public Health helps detect health issues as early as possible and responds appropriately to avoid the development of disease. The MPH degree prepares students to help enhance the general public's health. It trains students to become public health practitioners in government, NGOs or industry to work with communities, implement and evaluate public health courses and help raise public awareness of top healthcare practices. Those in public health careers work tirelessly around the globe, helping ensure we have cleaner water to drink, more nutritious food to eat, higher-quality air to breathe, and access to a broad range of services to promote human health, from vaccines and doctors to public parks.

The session also intends to highlight the financial aspects, soft skills needed and mental health issues that students face while pursuing courses abroad.

Interested students & staff are requested to attend the same. The details of which are given below-

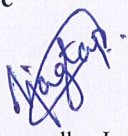

Topic- Health Data Analytics.

IQAC of MGV's KBH Dental College & Hospital is happy to announce a Faculty Development Program related to ICT training for Teaching staff, Administrative staff.

Title of the program: **E Content creation & Use of Excel sheet in day to day practice**

E-content development is a process of creating content in a digital form that lives in a digital space that learners can access through digital means.

MS Excel helps us organize and manage our data more efficiently. We can easily store and access large amounts of data in one place, and sort and filter it according to our needs. Analysis: MS Excel allows us to analyze and interpret data more effectively.

Mentor:

Mr. Pankaj Khairnar & Ms. Kunal Nikam – E Content creation
Mr. Samadhan Dharbale, Project Manager Dept. of IT, Mahatma Gandhi Vidyamandir - Use of Excel sheet in day to day practice

Day & Date:

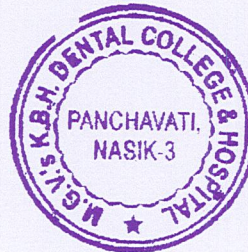

Monday, 10th July 2023

Venue :

Recognised by DENTAL COUNCIL OF INDIA

Awareness Lecture on "PUBLICATION ETHICS"

Date: 5th February 2020.

Venue: Lecture hall 1, MGV's KBH Dental College and Hospital, Nasik.

Speaker: Dr. Amit Agrawal.

An awareness lecture on 'Publication Ethics' was conducted at our college lecture hall I on 5th February 2020. It was conducted under the banner of college's Institutional Ethics committee. The workshop also fulfilled one of the criteria in NAAC wherein annual program for ethical code of conduct should be conducted for staff and students. The lecture was conducted by Dr. Amit Agrawal, Member Secretary of KBH Dental College - Institutional Ethics Committee.

The program was enthusiastically attended by all senior dental teaching staff members along with Post graduate students from different departments. The program started at 9.15 am, after brief introduction by Dr. Ajay Bhoosreddy, Dr. Pradeep GL and Dr. Meenal Gulve formally welcomed the speaker and the session started with great energy. The lecture included topics on importance of publication, various ethical issues before, during and after publication. Many staff and PG students cleared their doubts after the lecture and it was a very fruitful interaction. All participants had a very positive feedback about the lecture.

A very big thank you to the management and our Principal for giving permission to conduct such an important lecture.
